

SURKON® FZ Ultra Yassı Hidrolik Krikolar - [5 - 150 ton]

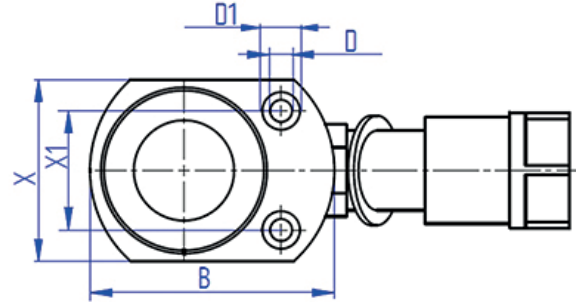

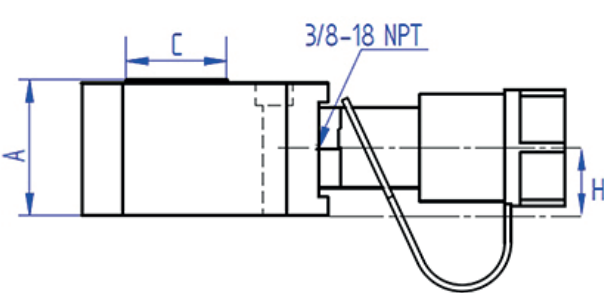

FZ Series Ultra Low Height Hydraulic Cylinders - [5 - 150 ton]

- » Kapasite aralığı 5 – 150 ton
- » Strok seçeneği 11, 16, 25mm
- » Asgari kapalı boy, azami kapasite
- » Tek etkili yay dönüşlü hidrolik sistem
- » FLZ yük dönüşlü model opsiyoneldir
- » Çalışma basıncı 700 bar maksimum
- » Ağır çalışma şartlarına dayanıklı yapı
- » Her marka hidrolik pompaya uyumludur
- » Sabitleme için iki montaj deliği bulunur
- » Siyah nitrat kaplama paslanmayı önler
- » Teknik destek Surkon tarafından sağlanır

- » Capacity from 5 to 150 ton
- » Cylinder stroke 11, 16, 25mm
- » Single acting, spring return system
- » Designed for use in confined spaces
- » High performance in low height
- » Working pressure 700 bar max.
- » Suitable for heavy duty operations
- » Load return available on option
- » Mounting bolt holes for easy fixing
- » Parallel faces for horizontal operation
- » Black nitrated to improve corrosion
- » Special design for side load resistance
